

TEACHERS MAY INVOKE INITIATIVE

New Appeal for Money for \$420 Salary Increase to Be Made to Council; Plans Outlined At Big Meeting

Attorneys Are Employed to Pass On Certain Clauses in the Charter; Attempts to Create Dissension Charged

Elementary and high school teachers in a mass meeting today at the city hall, called upon the city council to grant them the \$420 increase in salary desired; to reduce to the city budget the salary increase of last year, and to provide a sum for the employment of fifty new teachers requested.

The meeting developed that the teachers have secured legal assistance to fight certain charter interpretations of City Attorney H. L. Hagan, and that if the salary increase is lost before the council, the teachers will resort to the initiative.

Outstanding developments of the meeting were: Declarations that influences were at work to drive a wedge between the elementary and high school teachers, and between the teachers and the board of education.

Announcements that the teachers have been assured by their attorneys that the council cannot, as has been proposed, meet a later emergency by transferring funds from other departments to apply to the teachers' salaries.

Attorneys to be employed to interpret the charter.

Assurances that legal means will be taken to contest the opinion of Oakland's city attorney that the word "shall" in the city charter does not mean "shall" but "may."

A statement that if the budget as now fixed passes, the schools must close on August 21, as the teachers will face a reduction of \$420 a year over last year, and in addition will be asked to teach 2400 additional pupils.

Expression of the belief that the teachers are not going to accept any more unjust action in cutting off last year's increase and in refusing the salary requests of this year.

It was F. H. Boren, who opened the meeting, who declared that the teachers already taken by the teachers, who declared that there were influences at work to cause a split in the ranks of the teachers.

Certain influences are at work, he said, "to prevent the tax-paying bodies from levying the necessary taxes. We are meeting them face to face and believe that the situation is clearing.

Efforts to create dissension charged.

"If we do not get what we have asked you may rest assured it is through no fault of the teachers' education or of Superintendent Fred M. Hunter. They have stood solidly behind us. There have been efforts to drive a wedge between the teachers and the board of education. We are meeting them face to face and believe that the situation is clearing.

Supervisors asked to levy for the schools.

"They have the power to levy a special high school tax," said Boren, "and we have asked them to raise the full amount asked by high school teachers."

"The city of Oakland is asked to raise \$370,000 to care for the balance of what the elementary teachers are asking. We are hopeful of the action of the supervisors. They have met us with courtesy.

"As the matter now stands in the council they have eliminated the 10-cent tax of last year and also the fund for the payment of 1919 teachers. We did not consider that they would order the reduction in our salaries, but as it now stands that is what has been done unless the schools will be forced to close early.

"The question is, is the council to be responsible to the will of the people or to its own sweet will? We only know we have fought the fight and that the sentiment of Oakland is behind us."

All Johnson Men Backing Harding, Says Goodcell

(By United Press) MARIETTA, Ohio, Aug. 21.—Hiram Johnson and his entire pre-convention organization is "100 per cent solid" behind the Harding-Coolidge ticket, according to Judge R. E. Goodcell, one of his former managers, here conferring with Harding today.

"The entire Johnson organization is now definitely behind Harding as it was behind Johnson before the convention," Goodcell, a Californian, said. "It is 100 per cent solid for the ticket. Our estimate based on the figures from recent registration in California places the Republican majority there at 150,000, and I may add that this figure was obtained by the most influential California Democrats I have talked with."

Wireless Message Sent From Bordeaux, France, Received At Yerba Buena Island—A Distance of 7200 Miles

First of Series to Test the Power of Lafayette Station Built by U. S. Service Is a Success; Long Waves Sent

Interception by the Navy Radio station at Yerba Buena Island, San Francisco bay, of a message early today from Lafayette Radio station, Bordeaux, France, indicated success of the wide radio broadcast from one station, it was announced today by Commander Charles R. Clark, Pacific coast communication superintendent of the navy radio service.

The Lafayette station message, picked up in perfect clarity, was as follows:

"Secretary Navy, Washington: 'This is the first wireless message to be heard around the world and marks a new milestone on the road of scientific achievement. LAFAYETTE STATION.'"

It is the first of a series of test messages to extend over thirty days, to determine power of the Lafayette station, most powerful in the world, and built by the United States Navy Radio Communication Service for France.

Yerba Buena station is 7200 miles from Bordeaux. The most distant station from Bordeaux is the Tutuila, Samoa, United States navy station. Commander Clark declared he is confident that Tutuila, as well as Pearl Harbor, Honolulu, Manila, Cavite, Philippines, radio station, will be able to receive the message.

A group of naval officers, watching the clock at Yerba Buena Island in the early morning hours and straining eyes and ears to catch the hum of the spark of the expected wireless message were given one of the thrills that comes but once in a lifetime.

The experiment, which was being used as a test of the important wireless stations on this side of the world, was conducted as a test of the new Lafayette station and upon it will depend the future of the French government of what is said to be the largest plant in the world.

Under the supervision of Commander S. C. Hopper, Lieutenant Commander G. S. Stevens and Lieutenant Commander A. M. Stevens the Yerba Buena station received and recorded a set of previously agreed upon signals, covering four test periods of fifteen minutes each. Other stations participating in the test were: Washington, Annapolis, Bar Harbor, Philadelphia, New Orleans, Point Isabel, San Francisco, San Diego, Honolulu, Philippines and Alaska.

With a signal instrument able to record a wave length of 23,500 meters installed at the station the test went off without a hitch. Chief Electrician Richard P. Fanning operated the board. While it is probable that the success of the tests mean France's acceptance of the station, there will be continued experiments for thirty days, according to Yerba Buena Island officials. The last of these tests will cover a five-hour period.

The Lafayette station, naval men say, was built by American engineers and is on the plan of continuous or undamped wave system, declared to be the best for long distances. Government commercial as well as government traffic.

Tenn. Officials Are Enjoined On Suffrage

Legal Action Taken to Prevent Ratification; Reconsideration Voted Down

NASHVILLE, Tenn., Aug. 21.—Chancellor James B. Newman today issued a temporary injunction restraining President Todd of the Senate, Speaker Walker, of the House and Governor Roberts from signing the resolution ratifying the suffrage amendment, and Secretary of State Isaac Stephens and Governor Roberts from forwarding the resolution to Secretary of State Bainbridge Colby. The injunction was immediately served upon the state officials.

In the midst of a parliamentary debate suffrage members of the Lower House of the Tennessee Legislature this afternoon voted against reconsideration of the resolution ratifying the suffrage amendment. Anti-suffrage members are contending that no quorum was present and that therefore it was impossible to transact legislative business and refrained from voting. There were fifty ayes.

After the vote the suffragists rang a "liberty bell," contending that they had won and that the fight was over. The vote was taken amid scenes of confusion, anti-suffragists contending that the House was not legally in session.

By a viva voce vote the House then moved to adjourn until Monday.

Many legal authorities here regard the amendment as literally void, and they say it is a foregone conclusion that the courts will have to pass on the legality of the ratification.

DECATUR, Ala., Aug. 21.—Twenty-five members of the Tennessee House of Representatives today moved to remain away from Nashville until the State had been given an opportunity to voice an opinion upon suffrage.

A second indictment charges the officers of the company, excepting Heber J. Grant, president, with having aided and abetted the company's action in selling the sugar at the high price.

BRUSSELS, Aug. 21.—(By the Associated Press).—A semi-official telegram from Dusseldorf says that an insurgent movement, allegedly originating in the German communist party, has resulted in the proclamation of a soviet republic at Velbert, Rhine-Prussia. The despatch stated that communists seized the town hall, extorted money from the richer inhabitants and forced the local branch of the Reichsbank to hand over a million marks.

BY INTERNATIONAL NEWS SERVICE. LONDON, Aug. 21.—Dusseldorf, the important German industrial city on the Rhine, is the scene of a new violent Communist outbreak, according to despatches received here today.

A mob of 200 Communists seized the town hall at Velbert, an important manufacturing town in the Dusseldorf district, and proclaimed a soviet.

AMSTERDAM, Aug. 21.—Communist rioting is spreading throughout Westphalia, according to advices received here today. A general rebellion of the miners is feared.

Westphalia is an extensive district in northwest Germany, containing mines and large industrial centers. Velbert is a small town, five miles southwest of Essen.

Dusseldorf is the heart of rich industrial region in Rhine-Prussia which has been frequently swept by revolutionary outbreaks since the armistice. The city lies only 21 miles northwest of Cologne, the British occupation center on the Rhine. A similar "mailed fist" speech was made by Leon Trotsky, Bolshevik war minister, in closing the congress of the third international, according to a Copenhagen despatch. The Copenhagen Tidende quotes Trotsky as saying: "The war will be continued until the workers have obtained all the power they need to crush all the capitalists in the world."

Poland's Declaration of War Denied and Blame Is Put On Soviet for Attempt to Control Destiny of Ukraine

LONDON, Aug. 21.—(By the Associated Press).—At the second sitting of the Russo-Polish peace conference Thursday at Minsk, the head of the Polish delegation announced Poland's peace conditions to be the complete and indivisible independence of the Polish Republic with no interference in its internal affairs, according to a wireless despatch from Moscow today.

The Polish delegates said Poland did not declare war. He asserted the Polish troops had occupied territory once belonging to Poland to attain the free decision of the people regarding their fate, and declared Russia was trying by force to establish a Soviet regime in Poland.

Rival Railway Factions Meet In Hot Battle

Hundred Armed Trainmen and Strikers Fight Chicago; Several Wounded

CHICAGO, Aug. 21.—Seven men, one wounded, were arrested today as a result of an early morning riot when 100 armed railroaders clashed with about an equal number of strikers.

Scores of shots were exchanged and bottles, sticks and stones thrown before police broke up the fight. The riot was an outgrowth of frequent attacks by striking railroaders on the workers, who refused to walk out last April in the unauthorized railroad strike.

Brotherhood of Railway Trainmen employed on the Elgin, Joliet and Eastern Railroad, learned of an alleged plot for attack on them by strikers. They armed and put in a body looking for the plotters. The two factions met at Ninety-first street and opened fire. Several men are believed to have been wounded, but all were carried away when police arrived.

U. S. Is Probing German-Soviet Secret Alliance

By A. L. BRADFORD, United Press Staff Correspondent. WASHINGTON, Aug. 21.—The United States government is gathering circumstantial evidence of an alliance or understanding between Germany and Soviet Russia, it was learned today.

While Washington has no proof of such an alliance, the fact has been received. The strictest secrecy is observed. The government is quietly investigating to determine whether an alliance exists between the two countries. It is probable that if there is found to be a Russo-German pact to the prejudice of the United States, the fact will be made public, as in the case of the famous Zimmerman note.

Yields to Self-Imposed Starvation Sentence After Pathetic Prison Scene

LONDON, Aug. 21.—(United Press).—Placing love of country before her husband's life, the young wife of Terence MacSwiney, lord mayor of Cork, today concurred in his self-imposed sentence of death.

Mrs. MacSwiney, after a fruitless attempt to induce officials of the Irish department to release the lord mayor under two years' sentence for addition, today sought his death by direct action.

Shortly after 10 o'clock Mrs. MacSwiney refused to intervene. "The distraught young woman then went to the prison to beseech her husband to give up his hunger strike. The lord mayor, pale and emaciated, remained firm in his determination not to yield. In a tense scene, during which Mrs. MacSwiney went down on her knees and finally won her consent not to oppose his resolve to go without food until 'released by death.'"

WEAKENED BY HUNGER. MacSwiney, in company with several other Irish prisoners, was taken to Britton from Ireland this week. He was in a state of extreme weakness, the result of going without food during his imprisonment previous to his trial and sentence that he was carried aboard the steamer on a stretcher.

Of peculiar interest is the announcement of an address tomorrow evening by President Benjamin Ide Wheeler upon his recent visit to Japan, where he went especially to study the California Japanese problem. He returns with some profound convictions as to the necessity of our being awake to the facts, and of some immediate action.

All Oakland is invited to share in the treat offered by the coming on Tuesday evening, of S. D. Gordon to give one of his famous "Quiet Talks." These have been heard by many thousands in audiences and read by millions in book form. He can give but one night to Oakland, and has chosen the unique subject, "Peter Johnson's New Fishing Experiences." The Church School will reopen with

Rev. John Snape, pastor, will occupy the pulpit of the First Baptist Church, Oakland, tomorrow both morning and evening. At the morning session his sermon theme will be "The Changeless Christ" and in the evening he will take for his theme, "The Woman With a Past."

Last Sunday Flora Howell Bruner, the soprano soloist, sang the aria "Dear Ye Israel" from the oratorio "Elijah" with such exceptional finish and remarkable interpretation that she has been persuaded to repeat it Sunday morning. In its effort to furnish sacred song of the very best type the church has been signally successful in obtaining the services of Flora Howell Bruner, soprano and Chas. Lloyd, basso. These singer-soloists are singing various types of sacred music at both Sunday services each week. Both Mr. Lloyd and Mrs. Bruner have already given a series of service comment on their splendid rendition of sacred solos and duets.

DAVID ACKNOWLEDGES WRONG DOING

Golden Text: "Wash me thoroughly from mine iniquity, and cleanse me from all unrighteousness." LESSON TEXT PS. 51:1-17. It is certainly an interesting thing to look back three thousand years and to be introduced to the secret workings of the heart of David and to witness the emotion with which he approached the throne of Almighty God after having admitted his horrible guilt. He had sinned against the light he had received, and he was now only covered to himself as a weakling who had sinned against the light he had received, and he was now only covered to himself as a weakling who had sinned against the light he had received.

Golden Text: "Wash me thoroughly from mine iniquity, and cleanse me from all unrighteousness." LESSON TEXT PS. 51:1-17. It is certainly an interesting thing to look back three thousand years and to be introduced to the secret workings of the heart of David and to witness the emotion with which he approached the throne of Almighty God after having admitted his horrible guilt. He had sinned against the light he had received, and he was now only covered to himself as a weakling who had sinned against the light he had received.

STUDENT HELM EXONERATED IN WOMAN'S DEATH

BERKELEY, Aug. 21.—(The World-News) testifying that Mrs. George K. Neher, newly widow of Alvin Karpis, was driving the automobile which refused and ran directly in front of the automobile which crushed her to death. William Helm, 18-year-old freshman student at the university, was today exonerated of blame.

Mrs. Neher died from a basal fracture of the skull at Roosevelt hospital less than an hour after she was struck by young Helm's machine yesterday morning at Union street and Union street in front of the coliere Y. W. C. A.

WOMAN WAS CONFUSED.

WOMAN WAS CONFUSED.

Interrogation of Helm, together with Miss Madona Irwin, university student of 2222 Chapel street, and Miss Lila Ball of the university, Mrs. C. A., both of whom rushed to the scene of the shooting, declared that Helm blew his horn repeatedly as a signal to Mrs. Neher. The congestion in traffic at the point in question, say the authorities, was due to the fact that a high rate of speed was maintained by Mrs. Neher's only son, George. Neher, is today en route from Los Angeles on the last lap of an automobile trip from his home in Albuquerque, New Mexico, to his home here to prepare for his coming to the university and had just engaged an apartment when she was killed. Mrs. Neher has been notified that her husband is still alive. The cause is due in Berkeley late today. Mr. Neher was about 46 years of age, and that she was possessed of considerable means is shown by bank books and checks for \$1,300 in checks and currency found in his purse. Bank books showed balances of \$18,000 in Albuquerque.

Young Helm is a member of the Fresno high school basketball team, his mother, Mrs. F. J. Helm, at the Hotel Oakland since arriving in the bay section to enter college.

Funeral arrangements for Mrs. Neher will await the arrival of the
